SUMMARY
Highly skilled and motivated Front-End Developer with more than 2 years of experience in developing and implementing user interface components using React.js, seeking a position to leverage expertise in web development, design, and problem-solving to contribute to the success of the team and organization.

EXPERIENCE

Front-End Developer | WIX; Kyiv   *2022 Jan - 2023 Jan*

- Developed and maintained web applications using React.js, and MobX, following industry best practices.
  Achievement: Resulting in a ≈25% reduction in load time.
- Collaborated with the design team to translate UI/UX designs from Figma into functional and visually appealing web applications.
  Achievement: This led to a ≈20% increase in mobile user engagement and ≈12% in overall website traffic.
- Acted as a mentor for intern and pre-junior developers, providing guidance and support in their development,
  Achievement: Resulting in a higher retention rate, faster onboarding, and increased overall team productivity by ≈15%;
- Developed a lot of API endpoints using Node.js, Express.js, and PostgreSQL, and designed the database architecture.
- Managed deployment and maintenance of web applications on VPS platforms.
  Achievement: Successfully reduced application downtime by 15% by efficiently managing VPS deployments and maintenance.

Junior Front-End Developer | Glimmity, Butterfly; Poltava
2021 Sept - 2021 Dec

- Assisted in the development of web applications using React.js, SCSS, Bootstrap, and MobX, following best practices and coding standards.
- Participated in code reviews with high-skilled developers, continuously improving coding skills and knowledge of modern web technologies.
- Provided support in integrating back-end services using Node.js and Express.js gaining valuable experience in full-stack development.

Web developer Intern | Almaz-WebStudio; Moscow
2020 Sept - 2021 July

- Supported the front-end development team in creating and maintaining web applications using JavaScript, and SCSS.
- Assisted in debugging and resolving the issue in existing applications.
- Collaborated with team members on UI/UX designs and provided input on improvements and optimizations.
- Gained hands-on experience in using GIT for effective collaboration and code management.
